LA CHARTREUSE

La Chartreuse, a bourgeois monument of the Bâtiments de France, **has been** a well-known **training** area **on the MSF Logistique site since 1992**. This location represents the beginning of logistics training in Mérignac, more specifically for logisticians going out into the field. In recent years, we have welcomed not only logistics training courses, but also HR/Fin, associative, Med/Opé...

This building has a meeting room for 20 people, offices for people passing through, additional bedrooms and a fitted kitchen. It remains the historic training building on the MSF Logistique site, and is fully included in the Centre Jacques Pinel's offer. We will continue to use it and make it available to users.
